

Corruption ... undermines democracy and the rule of law, leads to violations of human rights, distorts markets, erodes the quality of life and allows organized crime, terrorism and other threats to human security to flourish.

This **evil phenomenon** is found in all countries - big and small, rich and poor...**corruption hurts the poor** disproportionately by diverting funds intended for development, undermining a government's ability to provide basic services, feeding **inequality** and **injustice** and **discouraging foreign aid and investment**.

Corruption is a key element in economic under-performance and a major obstacle to poverty alleviation and development."

It is our policy to conduct all of our business in an honest and ethical manner.

We take a zero-tolerance approach to bribery and corruption and are committed to acting professionally, fairly and with integrity in all our business dealings and relationships wherever we operate and will implement and enforce effective systems to counter bribery.
